1. The terminal disclaimers filed on 11/21/05 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 6,403,751 and 6,612,836 has been reviewed and is accepted. The terminal disclaimer has been recorded.

2. Claim 23 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

This claim refers to the formula (I) but the formula is not defined or shown. Note that all independent claims must stand on their own. Thus, while formula (I) is shown in claim 20, this does not make independent claim 23 clear and definite.

- 3. Claims 20 to 22 are allowed for reasons of record.
- 4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
